Keeping our customers informed

Volume 3, Issue 1

## HRH Prince Charles visits Tempsford

A memorial was recently unveiled by HRH Prince Charles to honour 75 women agents dropped behind enemy lines to aid the resistance movements in occupied Europe.

Our Events Department supplied a Bose Professional voice reinforcement system for the invited guests inside the church and to the public waiting outside around the new memorial.

## Onsite in Europe again

As preferred supplier to the European Tour we were asked to provide services for the Seve Trophy. The tournament was held over 4-days at St-Nom-La-Breteche outside Paris which is the chosen venue for the 2018 Ryder Cup.

## Air Displays IWM Duxford

Duxford's World War II airfield provides the backdrop to the annual Duxford air shows, a must for aircraft enthusiasts. A number of veteran aircraft, privately owned, form the core of regular flying displays held during the year.

Our Events Team provide the IWM's three air shows at Duxford with a temporary crowd line PA system together with full integration to all key public areas. During the air shows our engineering team work alongside and provide invaluable technical support to Duxford's knowledgeable commentary team. They also benefit from the use of a modern commentary trailer unit which we provide as a working base for the commentary team.

If you have an Event coming up, however large or small, please give us a call to see if we can be of service. **Call us on 01480 405540**
